

P.C. PODIMATAS AUDIOVISUAL S.A.

NEWS of the MONTH  
February - March 2008

just ask for it

4TH HAPCO CONGRESS  
GNT0 BERLIN 2008 - EETT FORUM

## 4<sup>TH</sup> HAPCO CONGRESS (28<sup>th</sup> -29<sup>th</sup> February 2008 - Athens Concert Hall)

The 4th Hapco Congress in the Athens Concert Hall's Congress Centre and the Hapco Awards in the Congress Centre of National Insurance were supported technically by P.C. Podimatas Audiovisual S.A. providing high technical standards in both events.

We were asked to do the whole production of the awards with a capturing scenery of totally 50m long and Led Bars for the ceiling's lighting, while we were sponsors for the technical equipment required for the successful presentation of the congress. (R12 Projectors, Encore System, Mac Robotics).

## HAPCO GALA DINNER

## GNTO BERLIN MARCH 2008 GALA DINNER GRAND HYATT

P.C. Podimatas Audiovisual S.A. was the company which supported technically the GNTO's Gala Dinner on the 6th of March at the Grand Hyatt Hotel Berlin, and contributed in a dynamic way in the night's success. Through a cloud of smoke, there came a splendid Beam Show with the appropriate music theme, and afterwards videos of the GNTO showcasing Greece were projected all over the room, which was acted out with the help of Barco DL2 moving heads and one Kramer Switcher.

Hellenic Tourism was present once again in ITB exhibition organized yearly in Berlin. The Minister of Greek Tourism Development was present in the inauguration of the Greek National Tourism Office (GNTO) Booth, which was awarded the first prize for its quality and tastefulness amongst all European countries. Helexpro was the company which assigned to P.C. Podimatas Audiovisual S.A. the A/V equipment for the specific Booth (4 Barco DL2 held from a truss system, 4 Sanyo projectors and the Pandorra Projection System)

## GNTO BERLIN MARCH 2008 - ITB EXHIBITION

## EETT FORUM (26<sup>th</sup> February - Divani Caravel - Athens)

P.C. Podimatas Audiovisual S.A. covered the "Broadband Meeting" organized by the Hellenic Telecommunications and Post Commission where the Minister of Transport and Communications, Mr C. Hatzidakis was present. Our company was not only responsible for the A/V systems, but also for the stage scenery which you can see in the photos.
