

The Hybrid Events at the Studios of

PODIMATAS

GROUP

PODIMATAS

GROUP

PODIMATAS GROUP | A place, not only fully equipped with advanced technology systems, but mostly a place full of positive energy and thinking!

Our group of companies hosts virtual, hybrid, and shooting events on a daily basis, even twice a day. Our premises are located near Attiki Odos (Rafina exit), on the street Eleftheriou Venizelou, no. 12, and postal code 19009.

Workplaces, offices, studios, warehouses, and common areas occupy more than 4500 sqm! They are all air conditioned, they all have backup power supply system, fire detection system and fire safety, and there is everywhere free Wi-Fi access.

Parking facilities, both indoor and outdoor food & coffee areas are also available.

Every corner of this place meets the needs of the working groups to achieve the best outcome when running an event project! You do not have to worry about anything. Inhere, we do have only solutions!

Dear all,
We will be pleased to host your event!
We are waiting for you in our "home"!

Green Screen Studios

PODIMATAS GROUP

Our main Studio is among the biggest ones in Balkan countries!

Using **GREEN SCREEN** technology, we create a 3D Virtual Environment.

In this case, we have the ability to create impressive backgrounds, but also the ability to simultaneously project on the screen the ppt presentation, the video, and/or the speakers themselves during the event, whether the speakers are in the STUDIO in person or alternatively anywhere else.

GROUP

The **Meeting Room | Speakers' Room** can accommodate from 15 to 25 people. It has a screen, sound and projection systems.

The stands with the names of the countries that you will see on the meeting table are a sweet memory of the European Union - Western Balkans Summit that took place in Halkidiki, in June 2003.

Fully Functional Offices for The Organising Committees

GROUP

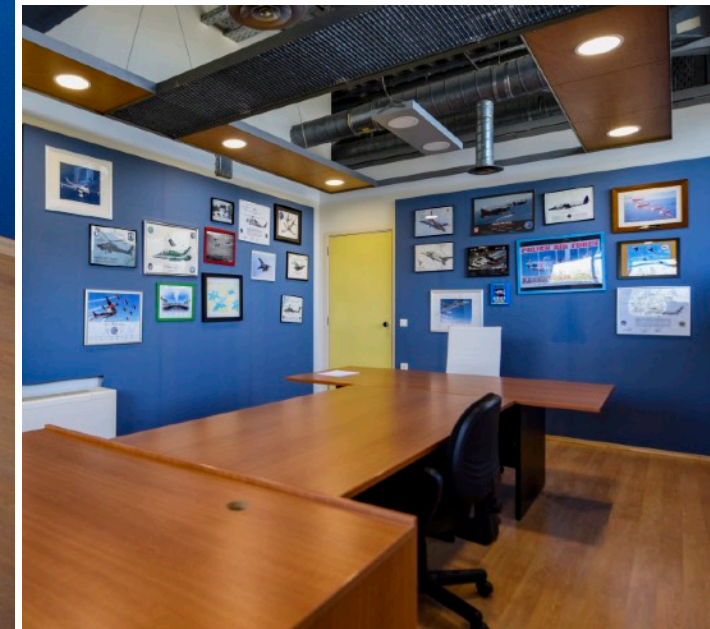

Fully Functional Offices for The Organising Committees

PODIMATAS
GROUP

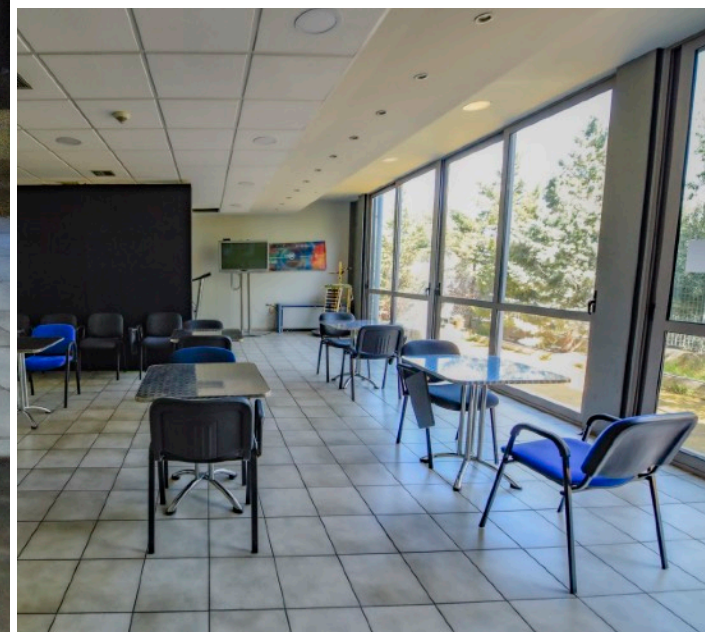

All the offices, available to the working groups we host in our premises, have both wired internet connection and Wi-Fi, quiet environment, and isolation for the best and seamless work of each group.

At the disposal of our guests, there is always the audio and video system that provides them on the spot information on their events flow in our Studios.
